A little of us.....

Culture

- ▶ We want to make an impact on our community and help people to feel like the best version of themselves.
- ▶ We chose to go to a rehab to help the women there recognize the person in the mirror again.

Our experience

- ▶ As we were walking in and setting up, the women ran up to us with the biggest smiles on their faces. They were so excited for a simple haircut/style.

What we learned

We learned how important this career can be. Helping people to feel confident is so special. This taught us it goes deeper than just looking pretty.
